Objective

A self-motivated and quick learner with a strong analytical mindset and a passion for technology. Adept at problem-solving and delivering innovative solutions through technical expertise.

Skills

• Technical Competencies

- Languages: C, C++, Python
- Database: SQL
- Machine Learning, Artificial Intelligence, Data analysis , Generative AI
- Tools: MS-Excel, MS-Power BI

• Behavioral Skills

- Leadership, Team player, Adaptability

Education

Bachelor of Engineering in Computer Engineering

2021 to Present

Savitribai Phule Pune University - Pune, Maharashtra

CGPA: 7.11

Higher Secondary Education (Class XII)

2021

Vainateya College of Science, Niphad, Nashik, Maharashtra

Percentage: 71.17

Secondary Education (Class X)

2019

MVP Janta Vidyalaya, Niphad, Nashik, Maharashtra

Percentage: 79.40

Projects

1. News Research Tool

Developed an end-to-end **News Research Tool** that enables efficient extraction, summarization, and querying of information from multiple online news articles. This project leverages advanced NLP and LLM-based techniques to provide concise insights, making it a valuable resource for equity research analysts and investment professionals.

2. Spam Message/E-mail Classifier

Created a spam message and email detection system leveraging machine learning algorithms to filter and classify messages. Employed Text Preprocessing techniques to analyze text data and train classifiers such as Naive Bayes and Support Vector Machines (SVM). Successfully reduced false positives and enhanced detection accuracy, demonstrating proficiency in data analysis and predictive modeling.

Certifications

Python For Data Science by NPTEL

January 2024 to February 2024

Neural Network and Deep Learning by Deeplearning.ai

January 2024 to June 2024
